May 6, 2013

Welcome to another great week! We had a great time on our Zoo Field Trip. Thank you to Mrs. Spears for chaperoning! I am sending home new information about our next field trip today.

The class will read stories in our reading books this week. Our Reading test is on Wednesday and or Spelling test and Vocabulary test are on Friday.

Please check their homework sheets to see their assignments.

We are still on the unit in Math-Decimals and Equations this week. Please check your child's finished homework for understanding. There will be quizzes throughout this unit! We have a test next Monday on this unit. We are completing a study guide in class and will send it home so you can help your child study for the test.

We are on a new unit in Science; Animals and Their Habitats. We are starting the research project in class and will need to be completed at home. It is due May 16th. Please ask your child about what they are learning.

If you have any questions please e-mail me or leave a message in the front office if you need to contact me.

Have a wonderful week, and I look forward to seeing you soon!

Ms. Phipps
